

ANCHORSURE[®]

Less invasive sacrospinous fixation system

Do it simple

- Easy to adjust
- Less dissection needed, shortening the procedural time
- Anchoring system for proper pelvic floor repair fixation
- Maximum anchoring strength
- Biocompatible PEEK material

Clinical data:

Versatility of the Anchorsure allows adjusting synthetic or biological graft according to the shape and size of the pelvis with very small risk to compromise anatomical or functional results.

IUGA abstract E. KAPLAN; Ctr. For Advanced Gynecologic Surgery, Walnut Creek, CA

Anchoring system was significantly shorter than classic technique, 86 vs 120 min.

SUFU 2017 abstract Javier Pizarro-Berdichevsky MD¹, Marco Arellano MD² and Howard B Goldman MD
